

# IS A DATA CENTER IN YOUR FUTURE ?

**42 U of secure cabinet space**

**120V, 20 Amp circuit**

**1 Mbps of bandwidth or a cross connect to your carrier of choice**

Only **\$595** per month

No installation fees  
Price based on a 3-year contract

**Are you looking for a non-stop, secure environment for IT equipment? DataCenter.BZ is the only Tier IV, carrier neutral data center in central Ohio and offers many unique advantages:**

- 4 AC power sources to ensure customers never experience an outage
  - Dual power grids, dual 2.0 Megawatt generators
- Power and air conditioning capacity to provide 500+ watts per square foot
- 18 carriers, including all the Tier I providers
- Single story, telecom building designed to withstand wind loads in excess of 110MPH
- 2 man traps, including biometric scanning
- Our environment is designed to meet all requirements for HIPAA, SAS 70, PCI, DoD and other security certifications
- The building is owned and operated by DataCenter.BZ, so there is no landlord between customers and their IT equipment
